

VWD Series 100M Casements

Windows For Life™

Cross Section of the VWD Series 100M Casement

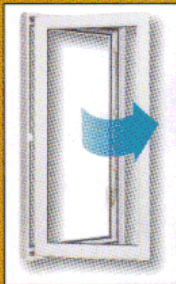

Frame

Strong, Durable, Maintenance Free Vinyl construction
- provides a lifetime of performance. Vinyl is impervious to the elements therefore never requires painting.

Multi-Chambered profiles
- for energy saving, extra strength and maximum insulation.

Slim profiles
- for maximum light penetration without sacrificing strength.

Computer controlled precision miter cuts
- followed up by fusion welded frame and sash.

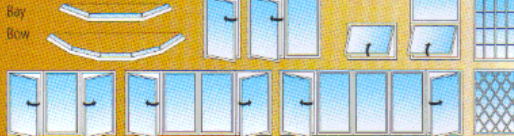

VERSATILE & FLEXIBLE

For new homes, these windows are built to your individual needs with options of nailflims and brickmould, with jamb returns and frame extensions to fit your type of wall construction.

Glass

- **7/8" overall insulated glass** - results in superior thermal performance.
- **High Performance Glass** - Low E, Argon Gas, and SecurGlass are just some of the more popular glass options ordered for energy efficiency, safety and security.
- **Optional high performance 1-3/8" overall triple seal unit** - with two 1/2" air space for Argon Gas with double Low E resulting in a R 6.25 factor.

Triple protection glazing method - a flexible dual durometer hugging the glass unit from both sides, backed up by wet glazing tape on the exterior and a silicone seal bead on the interior. The ultimate in performance for windows, and made for life.

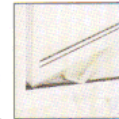

- **IGMAC Approved** - Certification #'s - Aluminum #019603 Thermal Edge™ #029625 - Inex™ #029619

LIFETIME ON VINYL & HARDWARE
UNBEATABLE LIFETIME WARRANTY
10 TO 20 YEARS ON THERMAL UNIT

Hardware

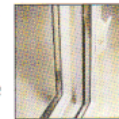

- **New Maxim heavy duty crank hardware mechanism** - with Truth's proprietary E Gard multi-stage coating process that is resistant to a wider range of corrosive materials.

- **Superior triple seal weatherstripping** -

securing against air and water. Two neoprene weatherstrips on the frame that bounce back time after time, backed with a wool pile weatherstrip on the exterior part of the sash.

- **Single lever multi-point** - locking system for security.

- **Low friction casement hinges** - for use on residential or commercial windows, which will be concealed between sash and frame for low maintenance and clean exterior aesthetics. Opens 90 degrees for easy cleaning. (Units 12 1/2" - 14" open 70 degrees.)

- **Aluminum reinforced frame** - ensuring the casement hardware is securely anchored into vinyl frame with the special cut screws threading into the aluminum, as well as the vinyl.
